

LAZER

HIGH PERFORMANCE LIGHTING

LINEAR-12

The Linear-12 is an ECE approved, road-legal versatile and economical auxiliary lighting solution which can be installed either as a single lamp or in pairs (dependent on country-specific regulations). Providing a significant upgrade when compared with any OE headlamps, the Linear-12 is ideal for passenger vehicles where the lamp(s) are being mounted low down at the front of the vehicle. Utilising 12x highly efficient 3W LEDs, the Linear-12 delivers 4,500 lumens, and 1 Lux to near 350m, this with minimal power consumption of 42W and with a current draw of 2.9Amps.

HIGH PERFORMANCE LED DRIVING LAMPS

LINEAR

LINEAR-12

- Economical solution for everyday road use
- Vacuum-metallised optics deliver wide spread of light
- Reduced up/down spread of light suits lower mounting positions
- Highly efficient 3W LED technology
- Sleek, low profile design facilitates installation
- Designed & manufactured in the UK
